

Questions and Passages for Further Study Based on Hebrews 14-16

Consider the list of convictions you came up with last week as you work through this part of your spiritual nourishment.

1. What actions did Asa take that pleased God?
2. What convictions do you think those actions must have stemmed from?
3. Based on scripture, where might the Lord be blessing you because of obedience (acting on your biblical convictions)? Where might the Lord be disciplining you based on your disobedience (not acting on your biblical convictions or not having any biblical convictions at all)?
4. Use the space below for this exercise. Make a list of your daily actions. Now match those daily actions with a belief or conviction from last week.

1. How many actions do I take that are not based in belief or conviction?
2. What do my actions communicate to those around me about my spiritual convictions? For example, if daily time in God's word is not in my action list, how much conviction do I really have that the word of God is valuable in my journey? Or another example, if telling others the story of Jesus is not in my action list, how much conviction do I really have that Jesus expects me to make disciples or that there is really a place of eternal punishment?

Welcome

Thank you for joining us for our weekly worship gathering. As followers of Christ we join to praise the Father, to hear from the Spirit, and to challenge one another on toward love and good deeds (Hebrews 10:25). Please use this guide as a tool for you and/or your family to engage with us over the time we have together.
